

MANU ANANDAN G

Software Engineer | AI & Machine Learning Enthusiast

Coimbatore, India | 9342770249 | manuanandan686@gmail.com | [GitHub](#) | [LinkedIn](#)

CAREER OBJECTIVE

Motivated B.Tech Information Technology student with a strong foundation in Python, Java, C++, web development, artificial intelligence, machine learning, and data science. Experienced in developing academic and application-oriented projects involving React, Node.js, Express, and MySQL. Seeking opportunities to apply technical, problem-solving, and collaborative skills in software development, AI/ML, and emerging technology environments while continuously learning and contributing to impactful solutions.

EDUCATION

Sri Krishna College of Technology, Coimbatore, India

Bachelor of Technology (B.Tech) — Information Technology | 2024 – Present

CGPA: 8.70 / 10.00 (up to 4th Semester)

Carmel Garden Matriculation Higher Secondary School, Coimbatore, India

Higher Secondary Schooling

Class 12: 86% | Class 10: 91%

TECHNICAL SKILLS

Programming Languages: Python, Java, C++

Web Development: HTML, CSS, JavaScript, React.js, Node.js, Express

AI / Machine Learning / Data Science: Artificial Intelligence, Machine Learning, Data Science

Databases: MySQL

Tools: Git, GitHub

Soft Skills: Problem Solving, Analytical Thinking, Effective Communication, Team Collaboration, Presentation Skills

PROJECTS

AI Transparency & Data Usage Control Platform

- Developed a platform focused on improving transparency and user control over how personal data is utilized by AI systems.
- Implemented consent management and AI transparency features to improve user awareness and trust.
- Built application components using React, Node.js, Express, and MySQL.

GN MedCare – Smart Medical Assistance Platform

- Developed a smart healthcare and pharmacy assistance platform supporting billing, prescription management, and health monitoring.
- Integrated machine learning-based prediction capabilities using Python to support data-driven healthcare workflows.
- Built application components using React and MySQL.

SkillMatch AI – Career Recommendation System

- Developed an AI-based career recommendation system that analyzes user skills and recommends suitable career paths.
- Applied machine learning algorithms using Python for skill analysis and recommendation workflows.
- Integrated application functionality using React and JavaScript.

ACHIEVEMENTS

- Secured 3rd Rank in the Department during the 2nd and 3rd semesters.
- Served as Class Representative for 2 years.
- Participated in multiple technical events, ideathons, and paper presentations.

LEADERSHIP & RESPONSIBILITIES

Class Representative — Sri Krishna College of Technology

- Served as Class Representative for two years.
- Facilitated communication between students and faculty.
- Supported coordination of academic and class-related activities.

Ignite Tech Community – Secretary

- Coordinate and organize technical events, meetings, and activities.
- Maintain proper communication and documentation within the community.
- Coordinate team members and follow up on tasks to ensure everything is completed on time.

PARTICIPATIONS & HACKATHONS

KRIYA Ideathon 2026

PSG College of Technology, Students Union 2025–2026 | Participant | March 13–15, 2026

Paper Presentation – Digital Innovators

Sri Ramakrishna Engineering College, SREC Utsava'26 | Participant | January 30–31, 2026

VEL IDEAFORGE 2K26

Vel Tech Rangarajan Dr. Sagunthala R&D Institute of Science and Technology | Participant, National Level 24 Hours Hackathon | February 19–20, 2026

CERTIFICATIONS

- Programming, Data Structures and Algorithms using Python — NPTEL, IIT Madras
- Soft Skill Development — NPTEL
- Crash Course on Python — Google, Coursera
- Python Fundamentals for Beginners — Great Learning Academy
- Introduction to Artificial Intelligence — Infosys Springboard
- Java Programming: A Comprehensive Bootcamp from Zero to Hero — Infosys Springboard
- Multi-Paradigm Programming with Modern C++ — Infosys Springboard
- Object-Oriented Design — University of Alberta, Coursera
- Cryptography in IT Security & Hacking — Infosys Springboard
- Discrete Mathematics – Part 1 — Great Learning Academy

DECLARATION

I hereby declare that all the details mentioned above are in accordance with the truth and fact as per my knowledge and I hold the responsibility for the correctness of the above-mentioned particulars.
